

PhD PROGRAM IN **NEUROSCIENCE**

An Interdisciplinary Environment with Five Research Platforms

- Cognitive, Affective and Behavioral Neuroscience
- Computational Neuroscience
- Molecular, Cellular and Systems Neuroscience
- Multimodal Neuroimaging
- Translational and Clinical Neuroscience

More than 40 Research Lines

- <http://pnc.unipd.it/phd-research-lines/>

An International Faculty

- Bioengineering
- Mathematics
- Medicine
- Neurobiology
- Neuroscience
- Physics
- Psychology
- Statistics

Cutting-edge Facilities

- Multimodal brain imaging (fMRI, DTI, hd-EEG, PET/MR, ECOG)
- Neurostimulation (TMS, TCS, DBS)
- Molecular and cellular imaging
- Two-photon/Mesoscale imaging, optogenetics and electrophysiology
- Recordings in freely behaving models

How to Apply

- For details in the application process, prospective applicants should visit:

<http://pnc.unipd.it/admission/>

- Call opens: 7th April 2021
- Deadline: 12th May 2021, 1 pm
- Information requests:
Padova Neuroscience Center (PNC)
via Orus 2, 35131 Padova (IT)
email: pnc.generalinfo@gmail.com
