CENTER

PhD Program in **NEUROSCIENCE** **2023**

A Multidisciplinary Environment

Bioengineering, Mathematics, Medicine, Physics,
Neurobiology, Neuroscience, Psychology, Statistics...

Diverse Neuroscience Fields

Circuits & Systems, Cognitive, Affective, Behavioral,
Computational, Neuroimaging, Translational &
Clinical Neuroscience

Cutting-edge Facilities

Multimodal brain imaging and stimulation
Electrical and optical circuit recording and manipulation

At least 13 Positions & >50 research lines

<https://pnc.unipd.it/phd-research-lines/>

PhD Coordinator: Antonino Vallesi

Call opening: 9th May 2023

Deadline: 8th of June 2023, 1 pm CET

Interviews: 5th - 8th July 2023 *(expected dates)*
